

DT-7000

i21

Entry Level Cash Dispenser

Compact and ergonomic design

Self-developed core module

High reliability

Convenient maintenance

Value-added services

Easy deployment

The i21 is a polished and ergonomic cash dispenser that offers high performance with low investment. It is not only a super-compact facility that perfectly fits in retail environment, but also a reliable ATM to comply with banking level requirements, including security features such as EMV, PCI EPP, UL, 3DES, ADA, etc. Wide value-added service extension and high visibility also make i21 an ideal choice for IAD businesses.

i21 Entry Level Cash Dispenser

Features

Minimized TCO: Small footprint, superb performance and banking level security features significantly reduce cost of operation, service and security labor involved, which generates least total cost of ownership.

Optimized Design: ADA standard compliant, wide range of operations, ergonomic and compact design increase customer satisfaction. Optimized security features largely enhance customer confidence.

Rapid ROI: A long list of value-added services provide a broad range of scalability in a small footprint, which offers an ideal advertising channel and enhance revenue-generation for ATM owners.

Specifications

- 10th Gen Intel® Core i5 CPU
- 8G RAM, 512G SSD
- Windows® 10/11

Banknote Processing Unit

- Dispenser:
 - Up to 5 notes per second
 - Up to 3 dispensing cassettes
- Cassette capacity: up to 2,200 notes*
- Reject capacity: up to 200 notes

Security

- Physical:
 - UL291 Business Hour safe
 - Built-in anti-skimming (opt.)
 - EMV certified
 - Electronic lock
 - Mechanical combination lock (opt.)
 - PCI compliant EPP
- Surveillance Solution (conditionally opt.)
 - USB/DVR surveillance system
 - Transaction image/video capture
 - User face image/video capture

Communication

- Standard TCP-IP connection

Dimensions & Weight

- H*W*D: 1310mm*410mm*610mm
- Weight: 128kg

Working Environment

- Temperature: 32°F(0°C) to 104°F (40°C)
- Relative humidity:
 - 20% to 95% (non-condensing)

Customer Interfaces

- Display:
 - 15" LCD touch screen
 - Privacy filter (opt.)
- Keypad: Metal 3DES EPP, PCI compliance
- Card reader:
 - DIP card reader
 - Motorized card reader (opt.)
 - Contactless card reader (opt.)
 - EMV compliant
- Receipt printer:
 - 80mm 203DPI graphical thermal printer
- 1D & 2D barcode scanner (opt.)
- High quality loudspeaker
- ADA headset jack (opt.)

* The actual capacity is subject to the thickness and fitness of local currency.
